Why choose ioniTOUCH?

- **Assisting with health and safety practices**, by providing an easy solution to disinfect multi-user surfaces and reduce the spreading of germs from user to user.
- **BPR approved additive**, slowing the growth and spread of bacteria, providing users with a dependable and constant built-in protection against bacteria and contamination.
- **Testing**, ioniTOUCH products have certified efficacy in approved antimicrobial tests against E. coli, MRSA and K. pneumoniae.
- **No difficulty cleaning**, standard keyboards are difficult to clean, due to worry of damaging the keys. ioniTOUCH range are fully sealed, which means that devices can be thoroughly cleaned.
- **Procedures**, good hand hygiene practices followed by the easy clean keyboard surface, provide a safer working environment. Helping companies meet cleaning policy regulations.
- **Responsive key entry**, provides excellent key feedback strokes to user.
- **Cost-effective solution**, help reduce staff sick days, through a cleaner working area.
